

## **Mini Crawlers**

Used Mini Crawler New Brunswick - Our different programs for Mobile Crane Operation are meant for experienced operators who needs certification or re-certification, and for inexperienced people who are looking for their first job as a crane operator. Industry demand for certified crane operators is high all over the country. Positions for crane operators are in demand because of their high rates of pay. Crane operators are among the highest paid of whatever heavy machine operator. Our Crane Training Schools include instruction and training for different mobile cranes. Course content consists of Crane Set-up, Wire Rope, Load Dynamics, Lift Planning, Load Charts, Rigging, and Signaling. The Crane Training School program is suitable for operators, riggers and supervisors. Course materials comprise a manual and informative hand-outs. The safety instruction manual that is illustrated consists of one hundred to two hundred fifty pages, depending on the course, of helpful and essential material. Course materials include load exercises and load charts for the crane with which the individual training is working. Hands-On Safety Training will take up over half of the course curriculum. The practical training part is the most effective method to developing and improving personal skill levels. Only licensed journeyman crane instructors are chosen to teach the courses. Our instructors possess many years of experience in the business. For all the course we offer, we could include optional testing mechanisms to customize your training. A skills test is generally administered for programs which include H.O.S.T. Trainees would be tested and graded. We offer certified training programs for the following cranes: Fixed and Swing Cab Mobile Hydraulic Cranes; Lattice Boom/Crawler Cranes; Rigging / Signalperson Training and Certification; Articulated Boom / Knuckleboom Cranes; Certification & Testing; and In-The-Seat Training. Industry standards of practice are evolving as new industry requirements emerge. There are constant updates to legislation and regulations. Improvements in equipment and technology continue to be made. Industry data analysis and collection detect trends which are changing. Members maintain the privilege of managing their certifications and training programs. Mobile device alerts keep members ahead of workplace and personal safety news.
